

The Village of Ladd, has enrolled in a program that allows you, the “tenant user” of a municipal facility, to secure cost effective liability insurance, which provides protection for you as well as the municipality. The GatherGuard program provides a general liability policy written in the name of the tenant user of the municipal facility or venue. Third-party property damage coverage is also provided.

The Village of Ladd is registered in the GatherGuard program through the National League of Cities (NLC) and HUB International New England via Intact Insurance. Please see below for venue ID codes to apply for a quote.
